

INT. RESTAURANT - AFTERNOON

Four friends just sat down at a table for lunch. They're reviewing the menu and discussing options.

FRIEND #1

What are you gonna order?

FRIEND #2

Probably the salmon.

FRIEND #3

I thought you hated salmon?

FRIEND #2

I do, but it's the only dish that comes with kale, and I'm sure the juxtaposition between salmon pink and leafy-green kale would be super aesthetically pleasing under an Amaro filter.

FRIEND #4

Are you kidding me? Amaro is WAY too light. The light pink salmon would be almost undetectable. You gotta use Lo-Fi or XPro...it really makes the colors pop.

Waiter walks over to the table.

WAITER

Hi guys, do you have any questions?

FRIEND #4

What's the most liked dish on the menu?

WAITER

Well the cobb salad is very delicio-

Friend #4 interrupts waiter.

FRIEND #4

I didn't ask about the taste...I meant which one is the most "liked."

Friend #4 does air quotes around the word 'like.'

Waiter looks confused.

FRIEND #4 (CONT'D)
 (slightly annoyed)
 Instagram? Which dish will get me
 the most likes on Instagram.

Before waiter can answer, Friend #1 chimes in.

FRIEND #1
 Ugh. Just surprise him/her. How's
 your steak?

Waiter attempts to answer, but Friend #3 cuts him off.

FRIEND #3
 Dude, you're vegan.

FRIEND #1
 Yeah, but #SundaySteakday is
 trending, and I *always* follow
 trends.

FRIEND #2
 Yeah, I mean, that's how she became
 vegan in the first place.

FRIEND #3
 Can I get a dessert menu please?

WAITER
 Um...sure...but is there something
 you'd like to start with?

FRIEND #3
 No, I'm good. Desserts get an
 average of 2.4 times as many likes
 as normal lunch photos.

Everyone looks at her with a "WTF" look.

FRIEND #4
 How do you even know that?

FRIEND #3
 (excitedly)
 Anthony Bourdain tweeted about it!

All the friends put in their order. Waiter jots it down,
 leaves. Friends make small talk.

Food arrives. Everyone takes out their phones and starts
 taking photos.

Waiter walks back to check in.

WAITER
Everything taste okay?

FRIEND #4
Yep, all posted. Can we get the
check please?

#INSTACURITY- Black screen

WAITER
But you guys haven't even touched
your food.

FRIEND #3
No, but we touched UP our food.

END.
